Notes

- OpenDS session was cancelled.
- TDWG Working Sessions: Feb/March — Limited availability at TDWG2025 for the sessions to take place.
- As DWC continues to expand and the unified model continues to advance, quick reference guides scoped to particular use cases may become advantageous to lower the bar of entry for new users.
- OpenDS rescheduled for Dec/Jan.
- TAG March meeting — Open Discussion; will call for discussion topics from members of the TAG.
